Falcon Heart B00VOEQXIO

Fierce cry, in the sky, echo my heart's cry ...

First daughter of her stronghold in Britannia, Kyrin Cieri wants only the chance to name the lord who will rule beside her. But her world ends when Arab slavers murder her mother and leave Kyrin for dead. Then Kyrin discovers a strange falcon dagger hidden on her mother's breast, and fears her master and the blade by day while dreams of a captive falcon haunt her nights.

The falcon in her dreams is more than it appears. But Kyrin Cieri is determined to escape and find justice for her mother's blood.

Stolen away to Araby by Ali Ben Aidon, Kyrin faces her night terrors as she studies the unarmed art of Subak with Tae Chisun, an exiled warrior from the East. Hand, heart, and blade, Kyrin learns Subak from her husband-in-name to protect her from the raiders of the sands and the secrets of the caliph's court. Alaina Ilen journeys beside her over sand and sea, more faithful than a sister by blood.

But destiny calls them all.

As the three navigate between deadly raiders of the sands and the equally deadly secrets of the caliph's court, Ali Ben Aidon's vengeance bears terrible fruit. Kyrin must choose who will live and who will die.

And the falcon calls, Spread wings where freedoms lie, rise over stone for hope to vie.

Defying the caliph's guard, dagger against sword, Kyrin will earn her own swift end. Or she can defy her master's command and condemn her companions to fates worse than death.

One will live, one will be taken, and one will break the bonds of earth. *Fly, falcon heart, fly.*

If you fancy adventure, historical fiction, or fantasy such as Jeff Wheeler's *The Queen's Poisoner*, Stephen Lawhead's *King Raven*, or Lisa T. Bergren's *River of Time* traveling series, then grab your copy of *Falcon Heart* today!

Do you crave flowing, fast-paced prose that transports you to another place and time, that wraps you in a spell with a magic all its own?

One reviewer calls this epic historical fantasy, "A captivating tale, vividly depicted at every turn. I could hardly put it down!"

Falcon Flight B019YRTIR0

Long-lost keeper of the keys, Kyrin Cieri is the hope of Cierheld stronghold or its doom.

After Cierheld's long-lost first daughter returns to Britannia from slavery, the king dies and a traitor wounds Kyrin's father. Winter is coming, a winter of dreams and war.

*My loyalty give I, to lord and land
first to world unseen, then to this soil some call damned
to this earth our Creator made, jewel in the sand.*

Torn by love, loyalty, and intrigue between Talik Wyman, a lord's son she's sworn never to handfast, her father's life, and rival daughter Esther Govannon, Kyrin discovers that it will cost her far more than anguish of heart to hold the keys of Cierheld and keep her oaths.

Then Esther reaches for Talik and power. And ambitious lords close in. Trapped in Cierheld, Kyrin unearths a long-hidden treasure in her falcon dagger and learns that the intrigue she left behind in Araby threatens her stronghold.

As the caliph's wazir comes with vengeance in his hand, Kyrin faces the annihilation of all she loves. When she offers the highest sacrifice in answer to the caliph's justice, and the last veil of mystery around the falcon dagger is rent, the falcon draws friend and foe alike into an inexorable battle that will destroy them all.

Holding the keys to hope and a traitor deeper yet, Kyrin must unlock the heart, wit, and wisdom to take up her rule, or all will end in ash.

*Evil yawls across stronghold, dale, and daughter; death creeps o'er all.
Heart, blood, and bone, beyond death I hear you call.*

Answering the falcon's clarion cry, one heart will find love, one will drink gall, one will rise, and one will fall.

Lance & Quill B010ZD7PVS

Every slave must grasp her destiny.

Alaina flees her master's rose perfume and court gardens in disguise and finds refuge in the tents of a Twilket prince. The wazir sends an army against Faisal's tents, where a hidden traitor lurks in the Oasis of Oaths. For the wazir's reach is long; a slave who runs must be caught.

While her sister sails for Britannia to free her from one death sentence, Alaina must find the strength to put down her quill and her healer's bag and take up the staff of war to save those she loves from another. She holds disastrous keys of choice in her forbidden love, in her growing martial skill, and in the wisdom of one greater than her heart.

If she can find the skill to outwit the traitor, to keep her prince alive, and save the people she has brought in reach of the wazir's vengeance . . . then she will be a true daughter of the sands. So begins a war for freedom, justice, and love.

Between the Prince, his rival, and his love, Alaina's heart may be a pawn of intrigue, the greatest traitor, or a key to happiness. One will die, one will turn, and one will hold true.

***Lance and Quill* the 9th Entry in the Falcon Chronicle, where Shannon Hale's *The Goose Girl* meets Mary Pearson's *The Kiss of Deception* in an adventurous fantasy. Love, secrets, and the art of war in a tale reminiscent of the Arabian Nights, Alaina's adventure in the Arabian sands parallels most of *Falcon Flight*, where she meets Kyrin again, for those they love are not yet safe.**

Path of the Warrior B00W4JYHL8

Murder, sacrifice, vengeance. Secrets and the art of war.

In early Korea, Land of the Morning Calm, an angry general exiles Tae Chisun for killing a traitor. Willing to sacrifice his life, his love, and his future for his people, Tae puts everything on the bartering table before yet another enemy. He may lose more than his life, setting in motion a ripple through the world that only time will reveal as good or evil.

So begins the journey of a hero who dares tread the *Path of the Warrior* in the tradition of apprentices and masters from the beginning of time. This first companion entry will please readers of Patrick Carr's *The Shock of Night*.

Falcon's Ode B075ZZBPKR

Fierce cry, in the sky, wild and high, echo my heart's cry . . .

Kyryn and the falcon's fantastic journey begins in Britannia, when the mists of mystery close around them—a captured stronghold daughter seeking freedom and a falcon of swift courage. Will their tumultuous flight to save Kyryn's stronghold from power-hungry lords and a darker, unforeseen threat bring hope or defeat? Love and loss, compassion and courage color the wings of truth.

This medieval poetry companion to the *Falcon Chronicle* and a novel in verse, *Falcon's Ode* can be read as a stand-alone poem or with the medieval fantasy series it depicts

in heart-stirring epic verse.

*Queen of meaning
take up your being
falcon deadly swift, farseeing
my heart, ever kenning.*
—Falcon's Ode excerpt

Falcon Dagger
