Colonel Chuck Lehman

Past President

Chuck was born and raised in Minnesota where his first writing job was an outdoors column for a local newspaper while he was still in high school. He earned a degree in physics and a master's degree in human resources. After a career as an Air Force fighter pilot and commander he wrote a couple dozen articles for major outdoor magazines. His first two books were non-fiction. They taught survival by using real-life stories as examples. He followed them with *Angels Three Six*, a collection of about thirty from-the-cockpit stories from his adventures in supersonic fighter jets. Chuck's first novel was *The Big Woods*, based on the incredible true story of a soldier in the Indian and Civil Wars. Next came *Asher*, the story of a first century Roman soldier in King Herod's Guard who was sent to Bethlehem in the middle of the night to assassinate all the baby boys. The novel follows Asher for thirty-three years as he is tormented by his action and pursued by vengeful residents of Bethlehem.

By February 2017, Chuck added *Lazarus Arise*, *The Shepherd*, *Rogue 6*, and *Exposure: A Story of Survival and Intrigue* to his list of published works, and it appears there are yet more to come..

Chuck is married to his soul-mate, Marian (his editor) they have three grown children and nine grandchildren. They live near Spokane Washington.

The Big Woods is based on the true story of Willie Meyer who as a sixteen year old imigrant in the Minnesota Territory becomes the head of a family of seven when his father vanishes in the huge hardwood forest near their homestead. He learns his father was murdered and sets about to find the killer. His quest is interrupted when Willie is enticed into the Union Army by Anson Primault, an unscrupulous draft evader and confederate operative who double crosses WLT. Primault systematically isolates WLT from Louisa, the woman he loves, in a plot to win her for himself. Through two wars they strive to re-establish contact, while WLT battles the mounted braves of the Sioux Nation on the plains of Dakota Territory, and the Confederates in North Carolina. He continues to assemble and organize clues to his father's murder.

Asher B00HNZ6TTG

Asher and his best friend are lured into the first century Roman army by a kind soldier. Both are assigned to King Herod's Guard. Before they realize they are working for a murderous madman, the jealous king sends them to ride into Bethlehem in the middle of the night to kill all the baby boys. The horrific event leaves Asher agonized by guilt, especially since he has roots in Bethlehem.

The fathers of two of the babies he killed swear revenge and join the anti-Rome Zealot movement intent on tracking Asher down. The chase whirls through Judea, and the Negev Desert where Asher and his platoon are ambushed by Zealot horsemen and fight them on camel-back.

Asher is married and has a son of his own, which intensifies his guilt. While on a kidnapping mission in Galilee he meets Y'shuah, a young Jewish prophet, who claims to be the promised Messiah. They meet again on a hill called Golgatha and finally outside an empty tomb near Jerusalem. ISBN: 978-1-936178-29-2 Gray Dog Press, Spokane, WA
