They help him to understand what his purpose in this body is but don't always make it easy. He tends to go from one crisis to another. He remembers a couple past lives but knows there were more of them.

He has some abilities that no other humans have.

The latest body is recovered from a person that was shot and declared dead. What will he do with this one?

I'm a Ghost in This Body: A Story of the Nomadic Ghost **B079212GZS**

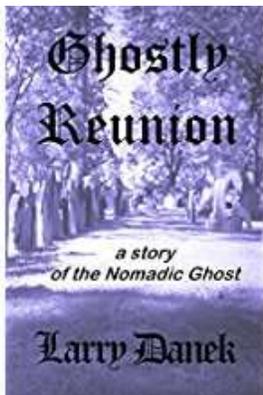

This is the first book in a series of the Nomadic Ghost. The Nomadic Ghost inhabits a body and then uses that body to fulfill the wishes of other ghosts. He doesn't always know what his purpose is and how to get from point A to point B. He's a super hero of some sort that is amoral in his dealings and never suffers from pain or anxiety. He can have normal human interaction or display some traits that humans can't. His ultimate goal is social justice but can include revenge. He lacks compassion for those that are his targets or that might try to stop him.

Jed's World B00MWDJ1YY

George Martin gets thrown back in time and can't seem to find his way back. He must learn to live in an age with no modern convenience. He never liked technology and now regrets the loss of it. He finds some magic to help him out but must learn how to use it.

Ghostly Reunion

This isn't a normal ghost story as the Nomadic Ghost will use a living body to fix problems that other ghosts have left behind. Chuck Anderson's body is recovered from the river and reanimated for a time. The ghost will encounter various problems while seeking to complete the mission he was called for.
